INDEX

A

Acartia clausi, 187 *passim*
longiremis, 188
Alaska
A field and laboratory study of the ecology, life history, and behaviour of ptarmigan in Alaska: Robert B. Weeden, 212†
Investigations at the Arctic Research Laboratory, Point Barrow, Alaska in 1957, 267†
Mammals of northern Alaska on the arctic slope: James W. Bee and E. Raymond Hall, 208†
Mammals of the Katmai National Monument, Alaska: Everett L. Schiller and Robert Rausch, 191*
Rates of tree growth and forest succession in the Anchorage-Matanuska valley area: John C. Reed, Jr. and John C. Harms, 239*
Alces alces gigas, 199
Alder, 247 *passim*
Alnus, 247 *passim*
Alopex lagopus, 206 *passim*
Amphipods, 188
Anser brachyrhynchus, 264
Antarctic
American scientists in the Antarctic, 267†
Openings for research in the Antarctic, 271†
Archaeology
Burin spall artifact, the, J. L. Giddings, 229*
Eskimo artifacts from Banks Island, 26-34
Superficial geology of the Firth River archaeological site, Yukon Territory: J. R. Mackay and W. H. Mathews, 210†
Arctic char, 179, 184, 187
Arctic Institute
Activities in Montreal, 267†
American scientists in the Antarctic, 267†
Annual Meeting of the Board of Governors, 266†
Election of Fellows, 272†
Gifts to the library, 210†, 266†
Institute library, the, 266†
Investigations at the Arctic Research Laboratory, Point Barrow, Alaska in 1957, 267†
List of Fellows and Members of the Arctic Institute, August 31, 1956, 118†
Waterfowl Research Project, 269†
Aspen, 241 *passim*

B

Baffin Island
Glaciers of, 108-10
Banks Island
Charts, manuscript, relating to, 65-6
Eskimo on, 24-36
Geology of, 36-58
Glaciation and sea-level changes at, 58-63
History of exploration of, 14-23
Monuments and records on, 68-71

Articles and Papers*
Reviews and Notes†

Narrative of a second Defence Research Board expedition to Banks Island, with notes on the country and its history: T. H. Manning, 203†
Pollen analysis, 64-5
Visits by whalers and trappers, 23-4
Barents Sea, 249
Bathymetry
Northern Ellesmere Island, 155
Bear, brown, 193
Beaver, 199
Bee, James W., and E. Raymond Hall, Mammals of northern Alaska on the arctic slope, 208†
Beluga, 181, 186
Betula, 240
Biological work on the George River, northern Quebec: G. Power, 271†
Biology
Biological work on the George River, northern Quebec: G. Power, 271†
The *Calanus* expeditions in the Canadian Arctic, 1947 to 1955: M. J. Dunbar, 178*
Mammals of northern Alaska on the arctic slope: James W. Bee and E. Raymond Hall, 208†
Mammals of the Katmai National Monument, Alaska: Everett L. Schiller and Robert Rausch, 191*
see also: Ornithology
Birch, 204
Bird-banding, 258
Birds, recoveries of, banded in Greenland, 262
species of, banded in Greenland, 261
Boots, special light rubber, 5
Botanical exploration along the Fort George River, Sakami Lake, and Eastmain River in 1956: Father Ernest Lepage, 270†
Botany
Biological work on the George River, northern Quebec: G. Power, 271†
Botanical exploration along the Fort George River, Sakami Lake, and Eastmain River in 1956: Father Ernest Lepage, 270†
Rates of tree growth and forest succession in the Anchorage-Matanuska valley area: John C. Reed, Jr. and John C. Harms, 239*
Studies on the flora and vegetation of the taiga zone of northern Manitoba: J. C. Ritchie, 211†
Branta leucopsis, 264
British Columbia
The climate of British Columbia and the Yukon Territory: W. G. Kendrew and D. Kerr, 265†
Bunchberry, 243 *passim*
Burin spall, 229
Burin spall artifact, the, J. L. Giddings, 229*
